BLUEGUNS®

2027 DEALER PRICE LIST

RING'S MANUFACTURING

INERT TRAINING AIDS

Product description

BLUEGUNS® firearm simulators are inert, detailed replicas of actual weapons designed for law enforcement and military training. Each simulator is molded to match the exact dimensions and details of the weapon it represents. Impact-resistant polyurethane with a steel reinforcement armature prevents bending and flexing while preserving the handling and balance of an actual firearm.

Simulators are made in Law Enforcement Blue, which Ring's describes as the world's most recognizable safety color. All models except GLOCK and Walther handguns are available in black on request.

Training uses

BLUEGUNS simulators offer a realistic, safe alternative to live firearms for training. Common exercises include:

- Weapon retention
- Room clearance
- Use-of-force considerations
- Target selection
- Immediate action and failure response
- Using cover
- Disarming
- Sudden assault training
- Position and stance practice
- Close-quarters battle
- Moving and multiple target engagement
- Personal survival

Disclaimer and limitation of liability

The parties agree that this document constitutes the entire warranty agreement between them and supersedes all prior oral and written communications. Changes, amendments, or additions are effective only if made in writing and signed by both Ring's and the client. Except as stated here, Ring's makes no express or implied representations or warranties, including implied warranties of merchantability or fitness for a particular purpose, or warranties concerning any other obligation or liability of Ring's. Florida law governs the construction and interpretation of this warranty.

Damages are the exclusive remedy for claims under this agreement. For loss or damage from any cause, including Ring's negligence, and for allegedly damaged or defective goods, whether defects are discoverable or latent, Ring's liability is limited to the price of the particular Training Weapon at issue or, at Ring's election, to repair or replacement of defective or damaged equipment. Ring's is not liable for incidental or consequential damages arising from use of or inability to use the product, including in cases of alleged negligence.

One-year limited warranty

Ring's Manufacturing warrants each Firearm Simulator to be free from defects in materials and workmanship. Its obligation is limited to repairing or replacing any simulator or part returned to Ring's Manufacturing with shipping prepaid and found defective in materials or workmanship. There is no charge for parts or labor. Misuse voids any express or implied warranty.

Ring's may change prices, specifications, or designs at any time without notice. Ring's Manufacturing may add or remove accessory materials and introduce or discontinue models without incurring any obligation. This limited warranty gives you specific legal rights, and you may also have other rights that vary by state. This Limited Warranty and Statement of Liabilities supersedes all previous warranties and commitments.

A 15% restocking fee applies to all approved returns.

Licensing

Used under written and/or verbal license agreements with Beretta USA, GLOCK Inc., Smith & Wesson Inc., Streamlight®, and Carl Walther GmbH. All brand names are used under license from their respective companies, which have no affiliation with Ring's Manufacturing.
